

1990 Marine Corps Gazette Index

In this issue, as in every December issue for the past decade, we are publishing our annual index—a listing by subject and author of the articles and book reviews published over the past year. We commend it to your special attention because so many *Gazette* articles have lasting value and back issues become valuable research sources. We have put some thought into categorizing articles by subject, have done considerable cross-indexing, have avoided "clever" titles throughout the year, and have done a fair amount of cross-referencing within the articles themselves—all in hopes that it will help you find the topics you are interested in and exploit the wealth of material in your back issues. **SAVE YOUR GAZETTES. THEY ARE WORTH FAR MORE THAN MANY REALIZE.**
